

# ALUMNI FAMILY ADMISSIONS

Prestonwood Christian Academy

Our children enjoy school because they are loved by every person who works there, their friends believe the same biblical values that we believe. While they are learning the typical nursery rhymes, poems, songs and children's stories all of this accompanied with hymns, songs of worship and scripture. When needed, discipline and correction has been given with biblical discernment, love and lots of grace."

# CONTINUING THE LIONS LEGACY...

Everything you loved about Prestonwood Christian Academy remains: students are being equipped with comprehensive Christian worldview training and a rigorous academic curriculum in a warm atmosphere with teachers who care. At PCA, we are passionate about training students to impact the world and the next generation, and Alumni who enroll their children at a PCA campus are pleased to find their school has only changed in the best of ways.

PCA continues to evolve and grow with advancements in STEM learning, technology and intentional leadership training. From our student-led worship to being taught the importance of a "Portrait of a PCA Graduate," you will find a school that still greatly values partnership between the home, church and school.
